RE: Base Realignment and Closure Grey Site (Category 7)  
Underground Storage Tank Closure Report, Building 615, Naval  
Air Station Cecil Field, Florida.

Dear Mr. Davidson:

I have completed the technical review of the Underground Storage Tank Closure Report, dated June 1997 (received July 15, 1997) submitted for the above-referenced facility. FDEP concurs with the recommendation of no further action and that this site should be reclassified to the transferable color of blue (Category 2).

FDEP's concurrence is predicated on the information provided by the SOUTHNAVFACENGCOM. Therefore, any new information contradicting the basis for this concurrence, may require further investigation or remedial actions.

If you have any concerns regarding this letter, please contact me at (904) 921-9991.

Sincerely,
