Subject: Draft Sampling and Analysis Report for Building 631 Water Tank, NAS Cecil Field, Jacksonville, Florida

Dear Mr. Davidson:

The U.S. Environmental Protection Agency (EPA) has completed reviewing the subject document dated June 2000, and find it adequate for its intended purpose. This letter provides approval for no further action at Building 631 and concurs with the revised BRAC designation of 4/Dark Green

EPA's review is based on available information presented by the Navy. If future information is made available which changes this decision, further investigation may be required.

Please contact me at 404/562-8539, if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Deborah A. Vaughn-Wright".
