RE: Sampling and Analysis Report Addendum 2 for Building 1820,  
Naval Air Station Cecil Field, Florida.

Dear Mr. Davidson:

I have completed my review of the Sampling and Analysis Report Addendum 2 for Building 1820, Naval Air Station Cecil Field, dated September 2000 (received September 8, 2000), prepared and submitted by Tetra Tech NUS, Inc. The report is adequate for its intent. I concur with the consultant's conclusion that the excavation was complete and that no further excavation is required. I concur that the color code of the facility should remain Dark Green.

If you have any concerns regarding this letter, please contact me at (850) 488-3693.

Sincerely,

David P. Grabka  
Remedial Project Manager
