Dear Mr. Davidson:

I have completed my review of the Draft Sampling and Analysis Report for the Former Fuel Depot Area, Abandoned Railroad Bed Site, NAS Cecil Field, dated December 2001 (received December 12, 2001). The draft report is adequate for its intent and can be finalized. Please note that as the site was remediated to levels not adequately protective for residential usage, institutional controls will be necessary for this site.

This electronic message is being sent in lieu of regular mail. If you have any questions concerning this review, please contact me at (850)921-9991.

Sincerely,

David P. Grabka, P.G.
