Dear Mr. Davidson:

The U.S. Environmental Protection Agency (EPA) has received the Navy's Extension Request for Submittal of Draft Final 2012 Site Management Plan, for the Former Naval Air Station (NAS) Cecil Field, dated November 1, 2011. This extension request was submitted in accordance with the Federal Facilities Agreement (FFA) for NAS Cecil Field, regarding the draft fiscal year (FY) 12 Site Management Plan (SMP) which was submitted to the United States Environmental Protection Agency and Florida Department of Environmental Protection on Sep. 1, 2011. The Navy received comments from the USEPA on Sept. 15, 2011 and from FDEP on Sept. 19, 2011. The EPA hereby approves the extension request and anticipates that all requested revisions and issues to have been resolved on or before November 15, 2011.
