RE: Contamination Assessment Report Addendum 2/No Further Action
Proposal, Sal Taylor Creek Bank Sites, Naval Air Station
Cecil Field Florida.

Dear Mr. Kizer:

I have reviewed the Contamination Assessment Report (CAR) Addendum 2/No Further action Proposal dated July 1997 (received July 28, 1997), submitted for this site. Based upon my review and comments, the enclosed Site Rehabilitation Completion Order was signed by Mr. John M. Ruddell, Director of the Division of Waste Management. The No Further Action Proposal was incorporated by reference in the Site Rehabilitation Completion Order. It should be noted, that this does not close out the JP-5 Spill Site that was part of the original CAR Addendum and that remedial action is still expected in that area.

If I can be of any further assistance with this matter, please contact me at (904) 921-9991.

Sincerely,

Michael J. Deliz, P.G.
Remedial Project Manager
