MEETING NAS CECIL FIELD FL
6/6/2006
TETRA TECH NUS INC

Minutes

Cecil Commerce Center and Cecil Field Airport Restoration Advisory Board (RAB) Steering Committee Meeting Minutes Tuesday, June 6, 2006

Introduction

The June 2006 meeting of the Cecil Field Steering Committee was held in the second floor conference room of the Control Tower (Building 82) at the Cecil Commerce Center on June 6, 2006. The meeting was a joint meeting of the Steering Committee and the Base Realignment and Closure (BRAC) Cleanup Team (BCT).

The following Steering Committee members, Partnering Team members, and administrative personnel attended: Richard Darby (Community Co-Chair), Mark Davidson (Navy Co-Chair), Stephen Ball (EPA), David Grabka (FDEP), Mark Speranza (TtNUS), Mike Halil (CH2MHill), and Ralinda Miller (TtNUS).

The meeting was called to order at 6:35 P.M. Meeting minutes from the January 2004 Steering Committee meeting were approved with no changes.

Meeting Agendas

Future RAB agenda topics were discussed. The following were the suggested agenda topics for the next RAB meeting:

- Site 15 Proposed Plan
- Site 59 Proposed Plan
- FOST Update
- Meeting Frequency

RAB meeting frequency was discussed, and Richard Darby stated that he feels we need to physically meet every so often. It was decided that the next meeting would be held a year from now (June 2007), unless an issue arises that necessitates a meeting sooner. At that point, we will again discuss the topic of meeting frequency. The Navy returning to Cecil Field was also discussed, including the Mayor's recent editorial and a rebuttal that was published in today's Florida Times-Union.

The meeting was adjourned at 7:05 P.M.
