SUBJ: OU 5, Site 15 Draft Feasibility Study
Naval Air Station, Cecil Field, Florida

Dear Mr. Davidson:

The Environmental Protection Agency (EPA) has reviewed the subject document and has only one comment which EPA believes was not fully addressed when the Navy considered EPA's comments on the subject draft document. Specifically:

RTC 4 - Partially Accept. The Navy did not indicate whether the text will be revised to better explain the "pick-up value" concept despite EPA request for Navy to provide in Section E.4.1 of the FS.

As soon as this comment is fully addressed, EPA is prepared to approve the subject document. If you have any questions, please call me at (404) 562-8549.

Sincerely,

Doyle T. Brittain
Senior Remedial Project Manager
