SUBJ: Land Use Control Remedial Design for Operable Unit 5, Site 15 at Naval Air Station,
Cecil Field, Florida

Dear Mr. Davidson:

The Environmental Protection Agency (EPA) has reviewed the subject document and has the following comment.

Section 4.a.8 LUC Enforcement - The end of the first sentence of this subsection does not match the LUC Checklist #10 suggested language with regard to the Navy's initiation of action to address activity inconsistent with the LUCs objectives or use restrictions. Accordingly, please replace the phrase "of the Navy notifying EPA and FDEP of the breach." with "after the Navy becomes aware of the breach."

If you have any questions, please call me at (404) 562-8528.

Sincerely,

A handwritten signature in black ink that reads "Stephen M. Ball".
