RE: Remedial Design for Operable Unit 9, Site 59, Naval Air Station Cecil Field,
Jacksonville, Florida.

Dear Mrs. Nwokike:

The Department has completed its review of the Remedial Design for Operable Unit 9, Site 59, Naval Air Station Cecil Field, dated March 2008 (received March 25, 2008), prepared and submitted by Tetra Tech NUS, Inc. The report is suitable for its intent and approved. I have attached Jeff Lockwood's Certification of Approval to this letter.

If you have any concerns regarding this letter, please contact me at (850) 245-8997.

Sincerely,

David P. Grabka, P.G.
Remedial Project Manager

CERTIFICATION OF APPROVAL

RE: Remedial Design for Operable Unit 9, Site 59
Naval Air Station Cecil Field, Duval County, Florida

In my professional judgment, the engineering features contained in the above-referenced document dated March 2008 (received March 25, 2008) provide reasonable assurance of reducing applicable pollutants that may be potentially harmful or injurious to human health or welfare and animal or plant life in accordance with state requirements described in Chapter 376, F.S. Mr. Robert F. Simcik, Florida P.E. No. 61263, is the engineer of record.

I have not evaluated and do not certify aspects of this plan that are outside the limits of my review responsibilities and outside of my area of expertise, including but not limited to electrical, mechanical, and structural features.

Jeffrey D. Lockwood, P.E., BCEE
Professional Engineer No. 39554
