RE: Construction Completion Report for the Installation of Air Sparge, Biosparge and Soil Vapor Extration System at the Former North Fuel Farm, Naval Air Station Cecil Field, Jacksonville, Florida.

Dear Mrs. Nwokike:

The Department has completed its review of the Construction Completion Report for the Installation of Air Sparge, Biosparge and Soil Vapor Extration System at the Former North Fuel Farm, Naval Air Station Cecil Field, dated August 2007 (received August 9, 2007). In conjunction with the stamped as-built drawings received January 25, 2006, the Construction Completion Report appears to adequately document site construction activities required under the Department's June 2, 2004 Remedial Action Plan Approval Order.

If you have any concerns regarding this letter, please contact me at (850) 245-8997.

Sincerely,

David P. Grabka, P.G.
