Post Office Box 190010
North Charleston, SC 29419-9010

Dear Mr. Ugolini,

I have reviewed the Operations and Maintenance Manual, Biosparging and Vapor Collection System, Day Tank 1 Site, Naval Air Station Cecil Field, dated August 2001 (received September 5, 2001). The report adequately describes the construction of the system approved in the Remedial Action Plan for this site. Please submit a signature page signed and sealed by a Professional Engineer certifying the work contained in the report. This document, when approved as final, will constitute the record drawings (as-built drawings) required by the March 3, 1998 Remedial Action Plan Approval Order.

This electronic message is being sent in lieu of regular mail. If you have any questions concerning this review, please contact me at (850)921-9991.

Sincerely,

David P. Grabka
