RE: Approval  
Zone I RFI Report Addendum  
Dated August 2001; Received October 3, 2001

Dear Ms. Daniell:

The South Carolina Department of Health and Environmental Control (Department) has reviewed the above referenced document, dated August 2001 according to applicable State and Federal Regulations, and the Charleston Naval Complex Hazardous Waste Permit (Permit), effective September 17, 1998. The submittal included CH2M-Jones's responses to comments and revised pages of the Addendum.

The Department approves the above referenced document as CH2M-Jones has adequately addressed all comments. The Department understands the CH2M-Jones intends to submit subsequent documents (i.e. CMS WP) to address the RFI Report recommendations. Please note that the Department's concurrence is based on current available data provided by CNC to date. An additional investigation may be necessary if any new information becomes available that is contradictory warranting such action.

Thank you for your cooperation in this matter. If you have any questions or concerns, please contact Gil Rennhack at (803) 896-4192 or Mansour Malik at (803) 896-4169.

Sincerely,

David M. Scaturo, P.E., P.G., Manager  
Corrective Action Engineering Section  
Bureau of Land and Waste Management
