Dear Mr. Spariosu:

Please regard this letter as notice that a public notice for the proposed modification of the hazardous waste permit for the Charleston Naval Complex will begin on December 21, 2001 and end on February 18, 2002. A public meeting is scheduled for January 8, 2002. Please see the enclosed public notice for details. The purpose of this modification is to update the permit to reflect decisions the Department has made for sites requiring No Further Action at this time and to incorporate the Land Use Control Management Plan into the permit. Enclosed are the public notice, the statement of basis, and the draft permit modification.

Sincerely,
