Dear Mr. Hunt:

The Environmental Protection Agency, Region 4 (EPA) has reviewed the above referenced document. Our earlier comments have been adequately addressed in Revision 1. The RFI addendum for AOC 559/560/561 is therefore approved, including its recommendations of "No further action" at AOCs 560 and 561. It is understood that human health risk will be managed at these AOCs through land-use controls

Please contact me at (404) 562-8552 or spariosu.dann@epa.gov with any questions or responses regarding the enclosed comments.

Sincerely,

Dann J. Spariosu, Ph.D.
