Re: Hazardous Waste  
Storage Facility (Building 246)  
Closure Report  
Charleston Naval Shipyard  
SCO 170 022 560

Dear Commander Dalby:

The South Carolina Department of Health and Environmental Control (Department) has received and completed the review of the Charleston Naval Shipyard's RCRA Closure Activities Report and Certification (Certification Report) for Building 246, dated March 1996.

A site visit was conducted by Mr. Rich Richter of the Trident District and Mr. Johnny Tapia of my staff to inspect building 246 for completion of the closure requirements on July 19, 1996. The Department by virtue of this letter hereby approves the Certification Report. The Charleston Naval Shipyard has appeared to close the above referenced hazardous waste storage areas in accordance with the requirements of R.61-79.265 and the approved closure plan submitted on November 17, 1992.

If you should have any questions concerning this matter, please contact Johnny Tapia at (803) 896-4179.
