Charleston, SC 29408-2020

RE: Draft Interim Measure Work Plan for SWMU 6, 7 and AOC 635
Public Works Storage Yard, PCB Transformer Storage Yard, Building 3902
Submitted November 07, 1996
Charleston Naval Shipyard
SC0 170 022 560

Dear Commander Rose:

The South Carolina Department of Health and Environmental Control (Department) and the U.S. Environmental Protection Agency (EPA) have received and reviewed the above referenced document. The Department has only one comment related to the numbering of sections of the Work Plan; this numbering does not match with the Table of Contents. EPA recommended approval of the subject document.

The Department believes that the comment generated does not compromise any technical aspect of the proposed Interim Measure and by virtue of this letter approves the Interim Measure Work Plan for SWMU 6, 7 and AOC 635 for implementation. Please make the suggested change and send a revised page to be included in the Work Plan .

If you have any questions please contact Johnny Tapia (803)896-4179 or Paul Bergstrand at (803)896-4024.

Sincerely,

John T. Litton, P.E., Section Manager
Hazardous Waste Permitting Section
Bureau of Solid and Hazardous Waste Management
