RE: Zone I, Site 36-Building NS26
Site Identification # 00944
Request For AFVR Events received 16 July 2002
Charleston County

Dear Mr. Magwood:

The Department has completed technical review of the referenced document. The Bureau of Air Quality (BAQ) has reviewed air emission information submitted for the referenced project and determined that an air permit will not be required. However, should CNB propose changes to the AFVR event, the BAQ should be consulted prior to implementing such changes in order to verify that a permit is not required.

The request to initiate corrective action activities as outlined in the reference document is approved for implementation with consideration for the comments provided by the BAQ.

Should you have any questions please contact me at 803-898-3553 (office phone), 803-898-2893 (fax) or by e-mail bishopma@dhec.state.sc.us.

Sincerely,

Michael A. Bishop, Hydrogeologist
Groundwater Quality Section
Bureau of Water
