Dear Ms. Stewart:

The Department has reviewed the referenced assessment report. Based on the information and analytical data submitted, the Department recognizes that NAVFAC has adequately addressed the known petroleum environmental contamination identified on the property to date in accordance with the approved scope of work. Consequently, no further investigation is required at this time. Please note, this statement pertains only to the portion of the site addressed in the referenced report and does not apply to other areas of the site and/or any other potential regulatory violations. Further, the Department retains the right to request further investigation if deemed necessary.

On all correspondence regarding this site, please reference Site ID # 13370. If you have any questions, please call me at (803) 896-4179.

Sincerely,

Jan T. Cooke, Hydrogeologist
