North Charleston, SC 29419-9010

RE: CNB - Zone H, Site 4/ Building 640 (Heating Oil UST)
Site Identification # 00955
Corrective Action Report received 5 July 2005
Charleston County

Dear Mr. Magwood:

The Department has completed technical review of the referenced document. Interpretation of the analytical data provided in the referenced report indicates that chemicals of concern remain above established Risk-Based Screening Levels and MCLs.

The Department concurs with the conclusions as presented in the report and passive free product recovery and routine groundwater monitoring and reporting should continue. Please ensure that sampling methods and detection limits are in accordance with the South Carolina Risk-Based Corrective Action for Petroleum Releases guidance document dated 15 May 2001.

Please submit the next monitoring report no later than 30 December 2005. Should you have any questions, please contact me at 803-898-3553 (office phone), 803-898-3795 (fax) or bishopma@dhec.state.sc.us.

Sincerely,

A handwritten signature in black ink, appearing to read 'Michael Bishop', with a stylized flourish at the end.

Michael Bishop, Hydrogeologist
