Re: Finding of Suitability to Transfer dated 15 September 2000
Draft Environmental Baseline Survey for Transfer received 18 September 2000
Chicora Tank Farm (Site Identification # 13350)
Charleston Naval Complex/Charleston Naval Base
Charleston, SC
Charleston County

The author has completed technical review of the referenced documents. As submitted, the documents provide a description of the physical and environmental condition of the subject property. Based on the information provided and data associated with previous environmental assessments conducted on the site, it appears that a reasonable and appropriate determination concerning site environmental conditions and associated risk (health and/or environment) has been developed for the subject property. Based on the above and with consideration to our meeting with Mr. Tony Hunt on 31 October 2000, provided the identified land and/or groundwater use restrictions are applied the subject property appears suitable for transfer as requested. Should you have any questions please contact me at 8.3559 or e-mail @bristopl.
