Site Identification # 17784
Third Quarter 2001 Monitoring Report received 07 September 2001
Charleston County

Dear Mr. Magwood:

The Department has completed technical review of the referenced document. Interpretation of the analytical data provided in the referenced report indicates that chemicals of concern remain below established Risk-Based Screening Levels and MCLs. However, per previous correspondence from the Department dated 27 September 2001, additional sampling is necessary at this site. Therefore, the Department does not concur with the recommendation that this site be issued No Further Action Status at this time.

Should you have any questions please contact me at (803) 898-3553 (office phone), (803) 898-3795 (fax) or by e-mail bishopma@columb32.dhec.state.sc.us. Please reference Site ID # 17784 on all future correspondence.
