Dear Mr. Seabrook:

This letter requests approval to transport approximately 9 tons of non-hazardous well-drilling cuttings from investigative drilling activities at Charleston Naval Shipyard to the Southeastern Soil Recovery (SSR) facility in Charleston, SC where it will be thermally treated. SSR intends to recycle this thermally treated soil into hot-mix asphalt as a raw material (resource recovery). Results of sample analysis of are enclosed for your review.

Please refer to this letter, serial number 106.21/0796 in your reply. If you have any questions or require additional information, please call Bill Powers at (803) 743-5519. Your assistance is greatly appreciated.

Sincerely,

R. L. Laney  
Director, Occupational Safety, Health and  
Environmental Office
