Dear Mr. Weegar:

The Environmental Protection Agency (EPA) has reviewed the document, "Draft RCRA Facility Investigation Report, OWS Work Plan Addendum, Naval Air Station Fort Worth Joint Reserve Base Carswell Field, Texas (formerly Carswell Air Force Base) October 1997".

Based on this review, EPA offers the following comments:

The OWS at buildings 1145 and 3358 should be inspected for damage and the potential for further releases addressed. Consideration of the removal of the OWS at both facilities is recommended before proceeding with additional investigation.

Please contact me at (214)665-8306 should you wish to discuss this further.

Sincerely,

Gary W. Miller
