Dear Mr. Weegar.

This letter is submitted to notify the Texas Natural Resource Conservation Commission (TNRCC) that the Air Force Base Conversion Agency (AFBCA) requests to close sites at the former Bergstrom and Carswell AFB facilities using the 1993 Risk Reduction Rules.

Because of the small number of open sites still in existence at the facilities and our experience in successfully closing many sites using the 1993 rules AFBCA requests to continue using these closure standards.

Please consider this letter as the notification to the regulatory agencies of our request for both the Bergstrom and Carswell facilities. Thank you for your time and consideration of this matter. If you any questions please call me at 386-5425.

Sincerely,

Rafael E. Vazquez
BRAC Environmental Coordinator
