Re: Release Determination Activities at Carswell Offsite Weapons Storage Area UST-8505, 1100 White Settlement Rd., Fort Worth, Tarrant County, Texas, (Facility ID No. NA); R-4

Dear Charles Pringle:

We have completed our review of the investigation and release determination activities conducted at the above-referenced facility as provided in the report(s) submitted to our Office. Based upon the information submitted to us, we concur with the conclusion of your Corrective Action Specialist (CAS) or Licensed On-Site Supervisor (LOSS) that there does not appear to have been a release in excess of action levels from the storage tank system(s) where the data were gathered. With the provision that the submitted information is correct and representative of actual site conditions, as attested to by your CAS or LOSS, no further action is required regarding this release determination activity described in the Release Determination Report dated 03/16/2001. This letter does not address any additional environmental data collected at the above-referenced site.

Please note that there may be additional requirements regarding any existing underground or aboveground storage tanks at this site, including tank registration and technical standards provisions.

Should you have any questions, please contact Paula Jackson of my staff at 512/239-2200. Your cooperation in this matter has been appreciated.

Sincerely,
