MISSISSIPPI DEPARTMENT OF ENVIRONMENTAL QUALITY

STATE OF MISSISSIPPI
DEPARTMENT OF ENVIRONMENTAL QUALITY
JAMES L. PALMER, JR.
EXECUTIVE DIRECTOR

August 13, 1997

Captain F. P. DiGeorge, III
Civil Engineer Corps
United States Navy
Naval Construction Battalion Center
5200 CBC 2nd Street
Gulfport, MS 39501-5001

Dear Captain DiGeorge:

On July 24, 1997 the Mississippi Commission on Environmental Quality followed staff recommendations and approved the delisting petition for the F028 ash piles located at the Naval Construction Battalion Center, Gulfport, Mississippi.

While approval of the delisting petition relieves NCBC of the responsibility of managing the ash as a RCRA hazardous waste, it does not alleviate any reporting requirements or activities as set forth under the State's CERCLA authority and Agreed Order No. 3466-97. Therefore, any future activities relating to the ash piles, as a separate project or as part of any site-wide (Site 8) project, should be addressed to Mr. Philip Weathersby, CERCLA Section, Hazardous Waste Division.

If you have any questions or comments concerning the delisting approval, please feel free to contact Mr. Jerry Banks of my staff at (601) 961-5221.

Sincerely,
