Re: Work Plan for the Remedial Investigation at Site 4- Golf Course Landfill, Naval Construction Battalion Center Gulfport, Mississippi, November 2003.

The Mississippi Office of Pollution Control has reviewed the above referenced work plan for soil and groundwater sampling at Site 4. The document appears to thoroughly address all the necessary elements concerning planned sampling (and reporting) activities at the site. The document should be issued as final.

Please feel free to contact me if I can be of further assistance.

Sincerely,

Bob Merrill
