Welcome

David Marshall, the Alternate Community Co-Chair opened the meeting at 7:15 pm.

Site 5 Remedial Action Update

Jon Overholtzer of CH2M HILL discussed and showed photos of the completed Remedial Action at Site 5. The project included:

- Constructing and embankment and installing culverts in Canal 1.
- Constructing an approximately 640-foot-long grouted rip rap lined drainage ditch in Canal 1.
- Constructing an approximately 5.5 acre composite cover over the Heavy Equipment Training Area
- Constructing a gabion wall along the drainage ditch.

A new driving range will be constructed over the cap. Bob Fisher commented on the excellent work done by the Remedial Action contractors and noted that long term monitoring will be started on the site later this year.

Conclusion

The next RAB meeting will be held on Monday, November 16, 2009 at the Westside Community Center in Gulfport, MS.

The meeting closed at 8:00 pm
