REPLY TO
ATTN OF: RDVW

SUBJECT: Letter of Invitation: Community Relations Briefings

TO: Mr Jack Ravan
Regional Administrator
US EPA Region 4
345 Courtland Street
Atlanta GA 30365

1. The Headquarters Air Force Engineering and Services Center has submitted a RCRA permit application to conduct a full-scale, rotary-kiln research demonstration project at the Naval Construction Battalion Center (NCBC), Gulfport MS. To support this research effort the US Air Force will present a series of "public information" briefings (schedule attached) to various groups at NCBC and Gulfport MS.
2. I would like to take this opportunity to invite you or appropriate members of your staff to attend any or all of the briefings scheduled for the 19th and 20th of March, 1986 in the Gulfport area. The intent of these briefings is to inform the public of the details of the research project and answer any technical questions.
3. Should you wish to attend, please contact Ms Nancy Brooks (NCBC/Public Affairs) at (601) 865-2395. If you have technical questions or you are unable to contact Ms Brooks, please contact me at (904) 283-2942. I look forward to working with you and your staff as we attempt to resolve the complex issues of Herbicide Orange environmental contamination.

Terry L. Stoddart
