Dear Major Shelley:

Re: Pretreatment Permit No. PT90249
USAF (NCBC)

Enclosed please find a copy of the closure inspection report completed as a result of this office's inspection at the USAF (NCBC) located in Gulfport, Mississippi on February 15, 1989. The inspection revealed that the incinerator and associated equipment have been dismantled and removed from the site in accordance with the closure plan that was submitted to us. Therefore, our office has determined that the above referenced permit is no longer necessary for this facility. Our Permit Board has approved the termination of the permit, effective February 28, 1989.

If you have any questions, please advise.

Respectfully,

Jerry C. Beasley
