Subj: ESR #4187-137 STUDY RECOMMENDATIONS TO SECURE ASH  
Ref: (a) ABB Environmental Services, Inc. Site 8A Ash Stabilization Report dated  
November 4, 1996

1. Ref (a) was provided to you by ABB in response to the subject ESR. We do not recommend implementing any of the recommendations contained in Ref (a) at this time as we expect a decision on the Delisting Petition for the ash in the near future. Any action taken now to stabilize the ash will not bring the ash piles into regulatory compliance or benefit the ultimate site remediation. The subject ESR is being closed out.

2. If you have any questions, please contact me at (803) 820-7331 or DSN 583-7331.
