Contract Task Order No. 0100

Subject: Copy of Basic Site Workplan for Consideration as Use to Meet Quality Assurance Project Plan (QAPP) Requirements for Future Projects at Naval Air Station (NAS) Jacksonville, Jacksonville, Florida

Dear Mr. Woolheater:

Tetra Tech NUS, Inc. (TtNUS) is submitting the Basic Site Workplan prepared by Geraghty & Miller, Inc., dated 01 September 1991 on the enclosed compact disk. The intent is to have the EPA evaluate it for use to meet the requirements of the QAPP for future projects. If accepted, planning documents for new projects requiring a QAPP will include a reference to this document and additional information for the specific scope of work to be performed.

Please review this document and provide feedback as necessary to allow the partnering team to decide on how it will proceed on this matter.

If you have any questions regarding the enclosed material, or if I can be of assistance in any way, please contact me at (904) 281-0400.

Sincerely,

A handwritten signature in black ink, appearing to read 'Gregory S. Roof', is written over the typed name.
