Subject: Final Site Investigation Report for Potential Source of Contamination 45,
Building 200 Wash Rack, Naval Air Station Jacksonville, Florida

Dear Ms. Wilson:

Tetra Tech NUS, Inc. (Tetra Tech) is pleased to submit the Final Site Investigation Report for Potential Source of Contamination 45, Building 200 Wash Rack, located within Naval Air Station (NAS) Jacksonville in Jacksonville, Florida with the response to comments for the Draft Site Investigation Report. This scope of work was prepared in response to Plan of Action (POA) developed for Request for Proposal for Contract Task Order (CTO) XY12 for the United States Navy, Naval Facilities Engineering Command Southeast under CTO JM19 for the Comprehensive Long-term Environmental Action Navy (CLEAN) Contract Number N62470-08-D-1001. The document has also been provided to the NAS Jacksonville Partnering team listed below.

If you have any questions regarding the enclosed material, or if I can be of assistance in any way, please contact me at (904) 636-6125 or by e-mail at mark.peterson@tetratech.com.

Sincerely,

Mark A. Peterson, P.G.
Task Order Manager
