JACKSONVILLE, FL 32212-0030

Dear Ms. Wilson:

The U.S. Environmental Protection Agency (EPA) has reviewed the Site Investigation Report for Potential Source of Contamination 45, Building 200 Wash Rack. The EPA has no comment on the report and concurs with the recommendation for proceeding into remedial investigation of the site since contamination is found above risk screening levels.

The documents can be considered the final submittal. If you have any questions regarding this letter, I can be reached at (404) 562-8508 or at dao.peter@epa.gov.

Sincerely,

Peter Dao
Remedial Project Manager
