RE: Sampling Report for Areas F and G, Site 119. Naval Air  
Station Jacksonville

Dear Mr. Kizer:

I have reviewed the above referenced document dated March 1998 (received March 10, 1998). The recommendation to resample groundwater wells MW-06, MW-11 and MW-19 in Area F and MW-09 in Area G is acceptable. A decision regarding future actions will depend on the results of the above sampling and analysis event.

If I can be of any assistance in this matter, please contact me at 904/488-3935.

Sincerely,

Jorge R. Caspary, P.G.
