Dear Jorge:

Enclosure (1) is forwarded to you for your review and comments. As requested in your 27 November 1995 letter, the current plans call for the tank farm to be abandoned in place by December 2000 . The tanks shall be emptied, gas freed, cleaned, and shall be left void (they shall not be filled with an inert material). The lines shall be drained, cleaned, and blank flanged. Construction of the new tank farm shall begin in December of 1998 and the old "Gas Hill" shall be abandoned in place by December 2000.

Sincerely,
