Dear Ms. Conklin:

SUBJECT: REQUEST FOR EXTENSION TO 2014 FEDERAL FACILITIES AGREEMENT
AMENDMENT FOR SUBMISSION OF TORPEDO REWORK REMEDIAL
INVESTIGATION (RI) POTENTIAL SOURCE OF CONTAMINATION (PSC) 38/
OPERABLE UNIT 12 AT NAVAL AIR STATION JACKSONVILLE, FL

An extension for the submittal of the RI for PSC 38 is requested through May 2014. This request is being made because:

- (1) The initial results indicated that it will be necessary to more samples to determine a clean boundary for this site.
- (2) The locations will require team consensus,
- (3) As well as full review and approval of future results.

All of these steps will require several months. The Navy is therefore requesting an extension through May 2014 for the submittal of this draft document. Please see the revised Federal Facilities Agreement (FFA SMP) Amendment attached.

If you have any questions, please contact me at commercial (904) 542-6160 or e-mail: adrienne.wilson@navy.mil. Thank you for your attention to this matter.

Sincerely,

A. T. WILSON
Restoration Project Manager
