Dear Ms. Dean:

The Office of Toxicology and Hazard Assessment is currently working on fact sheets for all of the Superfund sites that will be distributed to physicians. We were informed by Barbara Dick that we would need to contact each project manager in order to be placed on their mailing lists. It would be a great help if you would place us on the mailing list for all of your sites and send us any current EPA fact sheets.

Please be sure to include our mail acronym (HSET) on the address or there is the possibility that we will not receive it. Our mailing address is:

Connie Garrett, HRS (HSET)
1317 Winewood Boulevard
Tallahassee, FL 32399-0700

Thank you for your time and assistance.

Sincerely,

Connie B. Garrett
Environmental Specialist
