Re: Draft Site Management Plan for Fiscal Year 1994
Naval Air Station Jacksonville, NPL Site
Jacksonville Florida

Dear Mr. Murphy:

The U.S. Environmental Protection Agency (EPA) received and reviewed the Navy's Site Management Plan (SMP) for fiscal year 1994 (FY94) dated August 31, 1993. EPA disapproves of the submittal of the FY94 SMP per reasons discussed in the meeting of September 9, 1993 with EPA's Doyle Brittian, in Charleston, South Carolina. Please be advised that EPA and the Navy is still under Resolution of Dispute at NAS Jacksonville for EPA's disapproval of the FY93 SMP submittal. EPA's concerns remain the same for this submittal as with last year's submittal.

In order to resolve this matter as expeditiously possible, please attend a meeting with EPA and FDEP on October 19, 1993 in Atlanta. As previously discussed with Mr. James Malone, his presence is requested also.

If you have any questions or concerns about this or any other matter, please contact me at the above address or call at (404) 347-7603.

Sincerely,

James W. Hudson
Remedial Project Manager
Federal Facilities Branch
