Dear Ms. Conklin:

SUBJECT: REQUEST FOR EXTENSION TO THE 2014 FEDERAL FACILITIES
AGREEMENT (FFA) SITE MANAGEMENT PLAN (SMP) AMENDMENT FOR SUBMISSION
OF FEASIBILITY STUDY (FS) AT POTENTIAL SOURCE OF CONTAMINATION(PSC)
45/OPERABLE UNIT(OU) 9 AT NAVAL AIR STATION JACKSONVILLE, FL

An extension for the submittal of the FS for the building 200 Wash Rack
is requested to September 30, 2015.

This request is being made because:

- (1) Two rounds of sampling are required to be able to consider MNA as viable at this site. This will add a year to the schedule.
- (2) Additionally we are changing contractors for this portion of the work (the additional sampling, FS, proposed plan & ROD)

All of these steps will require an additional 15 months. The Navy is therefore requesting an extension of the FS submittal from 7/30/14 to 9/30/15 and the proposed plan to from 10/30/14 to 4/27/16. The revised FFA SMP Amendment is enclosed. It now reflects the revised future dates that coincide with the new exit strategy and the FFA review times.

If you have any questions, please contact Ms. Adrienne Wilson at commercial (904) 542-6160 or by e-mail: adrienne.wilson@navy.mil.
