Mr. Peter Redfern
ABB Environmental Services, Inc.
1536 Kingsley Avenue, Suite 127
Orange Park, FL 32073

Subj: OU3 RI/FS GOALS; NAVAL AIR STATION, JACKSONVILLE, FL

Dear Mr. Redfern:

The OU3 RI/FS scoping goals, developed during a meeting in March 1993, are as follows:

1. Develop complete list of potential sources of contamination within the OU3 boundary,
2. Develop ground water flow information,
3. Identify preliminary chemicals of concern,
4. Obtain stratigraphy information,
5. Perform basic ecological survey,
6. Perform ground water contamination survey, and
7. Prepare preliminary remedial objectives.

Please ensure the RI/FS work plan adequately addresses all of the above listed goals.

The scoping field work documentation, to be forwarded to FDEP and EPA by 15 December 1993, must address these goals to the extent practicable.

If you need any additional information, please contact me at (803) 743-0577 or Mr. David Driggers, Code 1852, at (803) 743-0501.

Sincerely,

JOEL G. MURPHY
Environmental Engineer
