Tallahassee, FL 32399-2400

RE: U.S. NAVAL AIR STATION - JACKSONVILLE
FL 170 024 412
POST-CLOSURE PERMIT HF16-288092
DUVAL COUNTY - HAZARDOUS WASTE

Dear Mr. Kastury:

We are concerned that you did not include the Plating Shop in the draft permit and intent to issue received on December 2, 1996. Our application, submitted on April 22, 1996, included the Plating Shop.

On June 20, 1996 we received your Notice of Deficiency stating that there were major deficiencies in the Plating Shop that had to be addressed before the application would be complete. Your letter stated that when the application was complete, an additional fee was required to modify the permit. We believe that an additional fee is not required since the deficiencies should be considered "additional information."

The deficiencies in the Plating Shop portion of the application are due to the delay by the Partnering Team, which includes your Department. We informed Mr. Russell of your Department, of the delay in a teleconference on July 17, 1996. We were advised of your decision to install monitoring wells in an e-mail on September 4, 1996 and during a Partnering Team meeting on September 9, 1996.

Your intent to issue requires us to issue a public notice within 30 days of receipt. We request that the notice be delayed until we resolve these matters.
