SUBJECT: Naval Air Station (NAS) Key West, FL
Supplemental RCRA Facility Investigation (RFI)
and Remedial Investigation (RI)

Dear Martha:

At the request of Mr. Dudley Patrick of the Naval Facilities Engineering Command-Southern Division, Brown & Root Environmental is pleased to transmit the attached Technical Memorandum for Sampling and Analysis Plan Addendum for the Supplemental RFI/RI Report for Boca Chica High Priority Sites at NAS Key West. This document describes the additional installation and sampling of one new well and sampling of 4 existing wells at SWMU 1 that will be carried out during the week of November 18, 1996. As we discussed with you and you approved during our meeting on November 8, 1996, the data from this field work will be used as a part of the Corrective Measures Study for the Boca Chica High Priority Sites which is due to be submitted to regulators on February 24, 1997. This sampling and analysis will be carried out under the existing procedures of the approved workplan for the Supplemental RFI/RI.

Should EPA have any questions, I can be reached at (803) 649-7963 X341.

Sincerely,

for Kevin J. Walter, P.E.
