Dear Captain Johnson:

The U.S. Environmental Protection Agency (EPA) has received and reviewed the **Supplemental Resource Conservation and Recovery Act (RCRA) Facility Investigation Report (RFI) and Remedial Investigation Report** dated July 1997 for Naval Air Station Key West. Based upon the review, EPA approves this document pursuant to condition II.E.4 of your RCRA permit effective July 21, 1990.

This report addresses the following four high priority solid waste management units (SWMUs): (1) SWMU 1 - Boca Chica Open Disposal Area; (2) SWMU 2 - Boca Chica DDT Mixing Area; (3) Boca Chica Fire-Fighting Training Area; and (4) SWMU 9 - Boca Chica Jet Engine Test Cell. The report recommended correctives measures studies for SWMUs 1, 2 and 9 and No Further Action for SWMU 3. EPA concurs with these recommendations.

EPA's concurrence is predicated on the information provided; therefore, any new information contradicting the basis for this concurrence may require further investigation or corrective action. Additional required reports must be submitted to

this office in accordance with the compliance schedule delineated in NAS Key West's approved Corrective Action Management Plan (CAMP).

Should you have any questions regarding these comments, please contact Martha Berry at (404) 562-8533.

Sincerely,

Jewell Harper
Deputy Division Director
Waste Management Division
