Contract Task Order No. 0007

Subject: Approved IR2 and IR6 Decision Document Letter Report
Naval Air Station Key West, Florida

Dear Mr. Patrick:

Brown and Root Environmental (B&R Environmental) is pleased to submit the approved decision document letter report for Installation Restoration (IR) Sites 2 and 6 at NAS Key West. The decision document proposed a recommendation of no further investigation (NFI) at both of the sites. You may recall that the document was forwarded to the regulators as a working draft. The Florida Department of Environmental Protection (FDEP) and EPA Region IV federal facility representatives to NAS Key West subsequently concurred with the recommendation. Therefore, B&R Environmental did not alter the document content or format with the exception of adding a standard CLEAN contract signature page and attaching a copy of the responses to comments received from RAB member Robin Orlandi and copies of the two regulatory approval letters.

Please call me at (803) 649-7963, x. 345 if you have any questions regarding the enclosed document.

Sincerely,

C. M. Bryan
Project Manager
