RE: Draft Supplemental Site Inspection Work Plan. Naval Air
Station Key West, Florida

Dear Mr. Patrick:

I have reviewed the above referenced document dated August 1998 (received August 31, 1998). Based on previous team discussions and agreements on the approach that SOUTHDIV will take in confirming the extent of contamination to execute fast-track removal actions, I find the document adequate for its purposes and recommend be processed for its final designation.

If I can be of any assistance in this matter, please contact me at 904/488-3935.

Sincerely,

Jorge R. Caspary, P.G.
