RE: Annual Groundwater Monitoring Report for Flying Club
Site. Key West, Florida

Dear Mr. Glover:

I have reviewed the above referenced report dated July 2000 (received July 19, 2000). The recommendations stated on page 3 of the report are adequate; however, monitoring well MW-20 needs to be added to the upcoming sampling program as a perimeter well.

If I can be of any assistance in this matter, please contact me at 904/488-3935.

Sincerely,

Jorge R. Caspary, P.G.
