**Re: Final Sampling Analysis Plan for Sampling and Analysis Plan Preliminary
Assessment at the Former Defense Reutilization Marketing Office Land Slivers, Naval Air
Station Key West, Florida**

Dear Mr. Hayworth:

The Department has completed the technical review of the Final Sampling Analysis Plan for Sampling and Analysis Plan Preliminary Assessment at the Former Defense Reutilization Marketing Office Land Slivers dated September 2010 (received December 10, 2010 via email) and finds the document to be adequate for its intent. Please note that the attached "SAP Worksheet #1 – Title and Approval Page" does not have a place for our approval signature. Therefore, this letter is the documentation of our approval.

It is my understanding that other Navy Installations have a place on the approval page for our approval signature. Is this just an oversight or is there some other reason why the Department is not included on the approval page? Please let me know if this is an issue that we need to discuss further.

If I can be of any additional assistance with this matter, please contact me at (850) 245-8998.

Sincerely

Tracie Lynn Bolanos
