Re: Action Memorandum Non-Time Critical Removal Action, A-950 Spoils Pile and A22
Drainage Ditch Boca Chica Airfield, Naval Air Station Key West, Key West, Florida

Dear Mr. Syme:

The Department of Environmental Protection (Department) has completed the technical review of the Action Memorandum Non-Time Critical Removal Action, A-950 Spoils Pile and A22 Drainage Ditch Boca Chica Airfield. The document is suitable for its intent and purpose and should be considered final. The Department proposes that these sites will need to be assessed after the soil/sediment is removed per 62-780.600 of the Florida Administrative Code. If I can be of any additional assistance with this matter, please contact me at (850) 245-8998.

Sincerely

A handwritten signature in cursive script that reads "Tracie L. Vaught".

Tracie Lynn Vaught
Remedial Project Manager
